40 HOURS OF TRAINING OVER 5 DAYS

This course is designed for law enforcement personnel who are responsible for the direct management or supervision of Public Order personnel during field operations. This course will expose law enforcement public order supervisors to contemporary public order issues, tactics and procedures. Topics will include leadership, professionalism, risk mitigation, de-escalation tactics, decision-making, policy, crowd management theories, planning, legal issues, personal protective equipment, operational considerations and use of force.

NOTE: Students will participate in group and functional exercises. Students are required to bring a computer, an example of an agency operational plan, and any relevant agency policies. Each student must pass a final course exam (taken online) to pass the course successfully.

LEARNING OBJECTIVES
