Harry Weaver

Florida Sheriffs Youth Ranches - President
January 2020

When Harry Weaver came to the Florida Sheriffs Youth Ranch in 1961, it was young program that needed strong leadership. Founded in 1959, the youth ranches worked to give troubled children a chance to turn their lives around. At the time, the ranches had a lot of challenges because there was only a small group of donors. Mr. Weaver was the catalyst that brought it sustained funding, and a clear vision for the programs that would make children safe and successful. Today, the ranches have six locations around the state that have helped more than 159,000 children and their families.

“Mr. Weaver brought expertise, passion and heart to the Florida Sheriffs Youth Ranches to his more than 30-year tenure,” said Pinellas County Sheriff Bob Gualtieri. “We are proud to honor his dedication to the Youth Ranches, to the Sheriff of Florida, and to thousands of children whose lives he impacted.”
