6) Each contract page contains a contract specific Vendor Directory (see below). The directory provides the company name, if they opted-in for federal compliance, Sales/Fleet contact name, email address, and phone number.

- 7) The "Purchaser Resources" page contains a Master Directory of CPP Vendors, in addition to the contract specific directories available on each award page.

- 9) Once a vendor has been identified for the item you wish to purchase, contact the vendor to request a quote.
- 10) Discuss delivery dates with the vendor. If no quote is provided, be sure to discuss delivery dates prior to issuing the purchase order to the vendor. **Note: Vendors do not have any control over production delays in schedules from the manufacturer. **

Qualification forms include:

Sections 3.04, Section 3.05 and Section 3.06 are deleted and replaced with the following new language:

3.04 ADDITIONS OR DELETIONS

The FSA reserves the right to add or delete any items from this bid or resulting contract when deemed to be in the best interest of FSA and the participating purchasers.

FSA reserves the right to remove, discontinue or suspend the sale or offering of any product within the Invitation to Bid document or existing contract, at its discretion.

This decision to take action may be based upon and not limited to:

- Few or no sales;
- Product recalls and other safety issues;
- Vendor/Manufacturer performance; or
- Lack of relevance of products.

3.05 CONTRACT EXTENSION

Contract Extension

The contract may be extended by mutual agreement, initiated at the discretion of the FSA, for up to two (2) additional years, on a year-to-year basis.

The vendor may request price adjustments for contract extensions as provided for in the price adjustment section. If no request is received from the vendor, the FSA will assume that the vendor has agreed that the optional term may be exercised without pricing adjustment. Any adjustment request received after the commencement of a new option period may not be considered unless otherwise provided for in this contract.

The FSA reserves the right to in its sole discretion, elect to implement an optional term or to allow the contract to fully or partially terminate and readvertise for bids, whichever is in the best interest of the FSA.

Month-to-Month Continuation

In the event that a new contract is not active at the time of this contract's expiration, this contract's terms and conditions shall extend on a month-to-month basis and shall not constitute an implied extension of the contract. Such a month-to-month continuation shall be upon the compensation and payment provided herein.

3.06 PRICE ADJUSTMENTS

This contract provides the following options for price adjustments:

- Annual Price Adjustments
- Changes to Production or Design
- Manufacturer Certified Adjustments
- Surcharges
- Equitable Adjustments

Price adjustment requests must clearly substantiate a need to increase or decrease the price and must be submitted as a percentage change. If a dollar amount is provided, FSA will calculate to the nearest percentage, which the vendor accepts is reasonable.

Annual Price Adjustment

The FSA may consider annual or quarterly price adjustments due to:

- Changes in the Producer Price Index (PPI) as published by the U.S. Department of Labor, Bureau of Labor Statistics (BLS); or
- As a result of any changes to national or state standards that require substantial price adjustments.

Changes resulting from PPI will be verified by the FSA, after the vendor requests a price adjustment under this provision and identifies the commodity code for each item as designated by the BLS.

In the event of changes to national or state standards, the vendor must present verifiable changes from the manufacturer in price to FSA. FSA may consider other documentation related to the change to national or state standards but is not obligated to grant price changes without literature from the manufacturer. The FSA will consider the request and will make a final determination on the change in price.

For any price adjustment to commence annually or on the first day of the contract extension, the vendor's request for price adjustment should be submitted 60 (sixty) days prior to the annual execution of the contract or to the expiration of the contract extension.

Changes to Production or Design

Significant changes by the manufacturer to the production and specification design may also initiate a price adjustment request. FSA will consider order dates, production cutoffs, conditions as provided for in Section 3.08, as well as replacement or complete redesign of items when considering significant changes to manufacturer production or design.

Manufacturer Certified Adjustments

Vendors must provide documentation from the manufacturer to FSA that shows a legitimate need for price adjustments.

Surcharges

Surcharges are increased costs that are imposed on awarded vendors for items sold on this contract. Surcharges can be related to the cost of raw materials, cost of transportation or shipping, or fees imposed by the governing entities. Since surcharges are imposed on awarded vendors, in order to request a price change, the vendor must document the origin of the surcharge.

The vendor must provide manufacturer or supplier certification documentation that identify the reason or cause for the surcharge to FSA in advance of imposing surcharges to a purchaser.

Surcharge After a Purchaser Order is Issued

When a purchase order has been issued, the vendor may present a surcharge with all required documentation to the purchaser for consideration. The purchaser may accept or negotiate a reduction in the surcharge or reject the surcharge at their discretion.

Equitable Adjustments

The FSA may make an equitable adjustment to the contract terms or pricing at its discretion.

1.02 PURPOSE

The Florida Sheriffs Association invites interested Bidders, including Motor Vehicle Manufacturers and Dealers/Certified Representatives to submit responses in accordance with these solicitation documents. The FSA Cooperative Purchasing Program will conduct the solicitation process and administer the resulting contract. The purpose of this bid is to establish contracts with manufacturers and manufacturer's authorized vendors for contract terms specified under Section 1.03 for the purchase of vehicles and equipment on a "no trade-in basis."

1.03 TERM OF CONTRACT

The term for Contracts FSA20-VEL28.0 Pursuit, Administrative and Other Vehicles and FSA20-VEH18.01 Heavy Vehicles shall remain in effect for two (2) years from date of contract execution by the FSA, and may be renewed by mutual agreement, at the sole option and discretion of the FSA, pursuant to the terms of Section 3.04. The initial term of these contracts begins October 1, 2020 and ends September 30, 2022.

The term for Contract FSA20-EQU18.0 Heavy Equipment shall remain in effect for three (3) years from date of contract execution by the FSA, and may be renewed by mutual agreement, at the sole option and discretion of the FSA, pursuant to the terms of Section 3.04. The initial term of this contract begins October 1, 2020 and ends September 30, 2023.

Contract extensions will only be executed when the FSA determines, based on then-existing conditions, that it is in the best interest of the FSA and the purchasers to do so.

1.04 ESTIMATED QUANTITIES

In FY 2018-19, eligible users purchased approximately 8,856_vehicles and equipment from this contract. These estimated figures are given as a guideline for bidders preparing bids.

Quantities provided do not guarantee or imply future contract sales. Neither the FSA nor any eligible user is obligated to place any order for a given amount subsequent to the award of this bid solicitation.

1.05 SHERIFF AS COUNTY CONSTITUTIONAL OFFICER

The Offices of the Sheriff in the State of Florida are constitutional offices of the State of Florida. Each has the authority either individually or collectively to execute contracts for all goods and services for the proper conduct of that office. Section 30.53, Florida Statutes, exempts the sheriffs' offices from the provisions of the Florida Statute that would otherwise require sealed and competitive bidding procedures.

It is our practice to give consideration to the prices offered, but the Office of the Sheriff is not required by law to accept the lowest priced proposal and may reject any or all of the proposals without recourse. Bidders are solely responsible for their own bid preparation costs and nothing in this solicitation in any way obligates the participating sheriffs' offices for any payment for any activity or costs incurred by any bidder in responding to this solicitation.

After the start of the contract term, FSA will notify all vendors of any addenda and will require acknowledgement of the new terms and conditions. If the vendor does not agree to the new terms and conditions, the vendor's award can be removed or replaced by another vendor or qualified responsive bidder.

1.27 TERMINATION OF PRODUCT LINE

If a vendor terminates a product line (manufacturer or brand), the vendor is required to notify the FSA within 10 business days of the decision not to retain the product line.

In the event a manufacturer reassigns the product line to an alternate vendor, the manufacturer and the vendor are required to immediately notify the FSA in writing of the change within 10 business days confirming the reassignment. If the vendor is not already an approved FSA vendor, the vendor is required to apply to the FSA to become an approved vendor *prior to* conducting any qualified sales. The vendor and the manufacturer are required to honor the contract pricing and all of the applicable terms and conditions throughout the remaining term of the contract.

1.28 METHOD OF AWARD

The award is made to responsive and responsible bidders. FSA uses its discretion in determining if bids meet the requirements of this solicitation.

The FSA reserves the right to make multiple awards within a specification, if deemed in the best interest of the FSA and the purchasers.

Awards will be posted on the FSA website according to the date posted in the bid calendar.

1.29 DEMONSTRATION OF COMPETENCY

Bidders must be able to demonstrate a good record of performance for a reasonable period of time, and have sufficient financial support, equipment and organization to ensure they can satisfactorily execute the services if awarded a contract under the terms and conditions herein stated.

The FSA may consider any evidence available regarding the financial, technical and other qualifications and abilities of a Bidder, including past performance with the FSA in making the award.

The FSA may require bidders to show proof that they have been designated as authorized representatives of a manufacturer or supplier which is the actual source of supply. In these instances, the FSA may also require information from the source of supply regarding the quality, packaging and characteristics of the products. Any conflicts between this material information provided by the source of supply and the information contained in the bid submission may render the bid nonresponsive.

Pre-award inspection of the Bidder's facility may be made prior to the award of contract. Bids will only be considered from firms which are regularly engaged in the business of providing the goods or services as described in this Bid.

1.30 VENDOR ABILITY TO PERFORM

During the contract period, FSA may review the vendor's record of performance to ensure that the vendor is providing sufficient financial support, equipment and organization.

If the FSA determines that the vendor no longer possesses the financial support, equipment and organization in order to comply with this section, FSA has the authority to immediately terminate the contract awarded.

By responding to this procurement the vendor warrants that, to the best of his or her knowledge, there is no pending or threatened action, proceeding, or investigation, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish the vendor's ability to satisfy the obligations of the Contract. The vendor warrants that neither it nor any affiliate is currently on the convicted vendor list maintained pursuant to section 287.133 of the Florida Statues, or on any similar list maintained by any other state or the federal government.  well as timing of payment from purchasers, which can be 45 calendar days from receipt of invoice.

1.32 QUALITY AND SAFETY

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this bid shall be new. The items bid must be new, the latest model, of the best quality, and highest grade workmanship that meet or exceed federal safety standards.

Products requiring certification should require certification of options in cases where non-certified options could result in the decertification of the original product or warranty. In all cases where options are not certified, the Vendor must disclose to the end user that the non-certified options are not required to be certified. All options must meet or exceed federal safety standards.

- Vendor's name being removed from the awarded vendor list.
- FSA and purchasers being advised not to do business with vendor.

1.34 GRATUITIES

Proposers shall not offer any gratuities, favors, or anything of monetary value to any official, employee, or agent of the FSA, for the purpose of influencing consideration of this bid.

At the vendor's expense and upon written notice from FSA, the vendor shall provide such records for inspection and audit by FSA or its authorized representatives. Such records shall be made available to FSA during normal business hours within three business days of receipt of the written notice. FSA may select the vendor's place of business or offsite location for the audit. The FSA may also request the vendor provide requested records via e-mail.

Vendor shall ensure FSA has these rights with Vendor's employees, agents, assigns, successors, and third party supplier and the obligations of these rights shall be explicitly included in any subcontracts or agreements formed between the Vendor and any Sub-Vendors to the extent that those subcontracts or agreements relate to fulfillment of the Vendor's obligations to FSA.

Professional fees, personnel costs and travel costs incurred by FSA under its authority to audit and not addressed elsewhere will be the responsibility of the FSA. However, if the audit identifies under reporting, overpricing or overcharges (of any nature) by the vendor to FSA or a customer in excess of three percent (3%) of the total contract billings, the vendor shall reimburse FSA for the total costs of the audit not to exceed \$5,000. Contract Terms and Conditions

1.39 ELIMINATION FROM CONSIDERATION

This Invitation to Bid shall not be awarded to any person or bidder who has outstanding debts to the FSA, whether in relation to current or previous bid awards or for other business purposes.

1.40 COLLUSION

Collusion is a non-competitive secret or sometimes illegal agreement between rival bidders that attempts to disrupt the contract process equilibrium. Collusion involves people or companies that would typically compete, but are conspiring or working together in which the outcome results in an unfair bid advantage. The parties may collectively choose to agree to increase or decrease its product base price in one or more zones to maximize awards thus denying the public a fair price.

Examples of Bid Collusion:

- Cover bidding: a competitor agrees to submit a non-competitive bid that is too high to be accepted or contains terms that are unacceptable to the buyer.
- Bid suppression or withdrawal: a competitor agrees not to bid or to withdraw a bid from consideration.
- Market sharing: a competitor agrees to submit bids only in certain geographic areas or only to certain public organizations.
- Bid rotation: competitors agree to take turns at winning business while monitoring their market shares to ensure they all have a predetermined market share.

Bidders or vendors who have been found to have engaged in collusion will be considered nonresponsive, and will be suspended or barred from bid participation. Any contract award resulting from collusive bidding may be terminated for default. Further, any collusion that is detected by the FSA may be reported to relevant law enforcement and/or prosecutorial agencies.

Bidders may submit multiple bids without conflict of collusion if the bid submitted is not from the same manufacturer and product line. Dealers which share the same ownership may submit multiple bids without conflict of collusion if the bidders are not in the same region featuring the same manufacturer and product line.

1.41 DEFAULT

Failure or refusal of a bidder to execute a contract upon award or withdrawal of a bid before such award is made, may result in forfeiture of any bid surety required that is equal to damages incurred by the FSA there from, or where surety is not required, failure to execute a contract as described above may be grounds for removing the bidder from the awarded vendor's list.

In case of default on the part of awarded bidder, the FSA may take necessary steps to otherwise procure the products sought, including but not limited to procuring the products or services from the next highest

Cooperative Purchasing Program Contract Terms and Conditions

ranked bidder or from other sources. A defaulting bidder may be held liable for costs incurred by the FSA in procuring replacement products.

1.42 PROTESTS AND ARBITRATION

Options are for informational purposes only and will not serve as a basis for protest.

Any person who is adversely affected by the decision or intended decision to award shall file a "Notice of Protest" in writing to the FSA within three (3) business days after the posting of the Intent to Award and shall file a formal written protest within five (5) business days after filing the Notice of Protest. Failure to file both a notice of protest and a formal written protest within the above referenced timelines shall constitute a waiver of proceedings.

The burden is on the party protesting the award of the bid to establish grounds for invalidating the award(s). The formal written protest must state with particularity the facts and law upon which the protest is based. Failure to do so will result in a denial of protest. Formal written protest which states with particularity the facts and law upon which the protest is based will be reviewed by FSA legal counsel for legal soundness and validity, and corrective action will be taken as needed contingent upon the validity of such claims. However, any additional time required and cost incurred by the FSA to substantiate a protesting party's claim(s) beyond the normal scope of its legal review due to the vague or inconclusive nature of the protesting party's filing will be reimbursable to the FSA and deducted from the protesting party's bond or security which must accompany their filing.

Any bidder who files an action protesting a decision or intended decision pertaining to this contract shall post a bond, cashier's check or money order payable to the Florida Sheriffs Association in the amount equal to ten percent of the product line being protested. The bond, cashier's check or money order must be filed at the time of filing the formal written protest or within the five (5) business day period allowed for filing the formal written protest. FSA will provide the amount required within two (2) business days of the notice of protest received. This bond or security will be conditioned upon the payment of all costs which may be adjudged against the protesting party in a court of law and/or to reimburse the FSA for additional legal expenses incurred and required to substantiate the protesting party's claim(s). Failure to post the bond or security requirement within the time allowed for filing will result in a denial of protest. The filing of the protest shall not stay the implementation of the bid award by the Florida Sheriffs Association.

Should the unsuccessful bidder(s) decide to appeal the decision of the FSA, they shall file a notice to FSA within three (3) business days of the FSA bid protest decision regarding their intent to request arbitration. A demand for arbitration with the American Arbitration Association's (AAA) commercial panel under its rules and regulations must be made within ten (10) business days of the FSA bid protest decision. Any person who files for an arbitration with the AAA shall post with the Florida Sheriffs Association at the time of filing the formal written arbitration request, a bond, cashier's check or money order payable to the Florida Sheriffs Association in the amount equal to ten percent of the product line being protested. This amount will be the same amount as the FSA provided at the time of filing the initial protest. Failure to provide written notice to FSA, file a demand for arbitration with the AAA, or failure to post the required bond and security requirement within the specified timelines shall constitute a waiver of arbitration proceedings. By responding to this procurement the bidder expressly agrees to the use of mandatory binding arbitration to resolve any appeals of the decision of the FSA, and any claims arising from or in any way relating to the procurement process, and expressly waives any and all rights that it may otherwise have to pursue such claims in any other forum, judicial or otherwise.

Cooperative Purchasing Program

Contract Terms and Conditions

If the party filing for arbitration does not prevail, it shall pay all costs, legal expenses and attorney fees of the prevailing party incurred in connection with the arbitration. However, if the filing party prevails, the parties shall share equally the fees and expenses of the arbitration and AAA and each shall bear the cost of their own attorney fees. The filing for arbitration shall not stay the implementation of the bid award by the Florida Sheriffs Association.

1.43 NONPERFORMANCE

By virtue of the bid submission, bidder acknowledges its obligation to sell vehicles and equipment in all zones for which it is awarded. Failure of the bidder to comply with these requirements may result in the imposition of liquidated damages of up to \$1,000 per vehicle/equipment, which amount the vendor agrees is reasonable, or probation, suspension, termination or a combination thereof from current and future bids at the FSA's discretion.

The vendor shall at all times during the contract term remain responsive and responsible. In determining vendor's responsibility, the FSA shall consider all information or evidence that demonstrates the vendor's ability or willingness to fully satisfy the requirements of the solicitation and the contract.

Vendors that are not in compliance with any of the provisions of this contract can be assessed liquidated damages, suspended or terminated from the contract. The FSA at its sole discretion may remove a noncompliant vendor from future competitive bid solicitations; or take other actions including suspension from the contract until compliance issues are resolved, limit current or future vendor participation by specifications or zones, or other actions as determined by FSA at its sole discretion.

At FSA's discretion, vendors may be required to develop corrective action plans to address contract compliance. Failure to abide by corrective action plans will result termination from the existing contract and future competitive bid solicitations at the discretion of the FSA.

In situations where there is evidence that the vendor has engaged in egregious breaches of the contract with respect to either the FSA and/or the purchaser, the contract can be terminated and the vendor will be removed from future solicitations for a period of up to three (3) years, or a permanent ban from the bid process at the sole discretion of FSA.

Specific conditions for termination include, but are not limited to; failure to perform, refusal to accept orders during the contract period while manufacturer orders are still being accepted for current model year or the new year if the vehicle is price protected by the factory, charging amounts exceeding MSRP on factory or vendor installed items and packages, requiring the purchase of additional options over and above the base vehicle as a condition of acceptance of order, providing aftermarket options where factory options are available without the consent of the purchaser, any misrepresentation of optional equipment or service as being factory that fails to meet the definition as described in this document, and any other practice deemed to be inconsistent with the intent of the contract.

Any vendor presented with a valid purchase order is required by this contract to accept such purchase order and deliver the product. Orders must be fulfilled if the vehicle or equipment is a base model or whether it includes options. The vendor must deliver this product if they were awarded the contract — regardless of profit or loss.

Failure to deliver the vehicles or equipment may result in the purchaser seeking damages for the difference of cost to issue the exact same order with another vendor plus any legal fees and damages that may be

Cooperative Purchasing Program

Contract Terms and Conditions

incurred in the process to facilitate a completed order. Additionally, FSA may seek damages for nonpayment of administrative fees, to which FSA is entitled, according to Section 3.28 and any attorney's fees incurred in the recovery of these damages.

All terms and conditions are applicable throughout the term of the contract and not any given Year, Make or Model.

1.44 SEVERABILITY

In the event any provision of this contract is held to be unenforceable for any reason, the unenforceability thereof shall not affect the remainder of the contract which shall remain in full force and effect and enforceable in accordance with its terms.

1.45 TERMINATION FOR CAUSE

If through any cause within the reasonable control of the vendor, it shall fail to fulfill in a timely manner, or otherwise violate any of the terms of this contract, the FSA shall have the right to terminate the services remaining to be performed. Written notice of the deficiencies shall be given to the vendor and unless the deficiencies are corrected within 10 business days, the Contract may be terminated for cause immediately. The right to exercise the option to terminate for cause shall be in the sole discretion of the FSA, and the failure to exercise such right shall not be deemed to constitute a waiver of this right.

In that event, the FSA shall compensate the successful bidder in accordance with the contract for all services performed by the bidder prior to termination, net of any costs incurred by the FSA as a consequence of the default.

Notwithstanding the above, the vendor shall not be relieved of liability to the FSA for damages sustained by the FSA by virtue of any breach of the contract by the vendor, and the FSA may reasonably withhold payments to the vendor for the purposes of off set until such time as the exact amount of damages due the FSA from the vendor is determined.

1.46 TERMINATION WITHOUT CAUSE

The FSA can terminate the contract in whole or part without cause by giving written notice to the vendor of such termination, which shall become effective 30 calendar days following receipt by vendor of such notice

In that event, all finished or unfinished documents and other materials shall be properly delivered to the FSA.

The vendor shall not furnish any product after it receives the notice of termination, except as necessary to complete the continued portion of the contract, if any. The vendor shall not be entitled to recover any lost profits that the vendor expected to earn on the balanced of the Contract or cancellation charges.

Any payments to the vendor shall be only to the total extent of the FSA liability for goods or services delivered prior to the date of notice to terminate the contract.

Any exceptions, deviations, or contingencies a bidder may have to specifications or Contract Conditions, Section 3.0 of this document, must be documented in bidder's submission. Exceptions to the specifications at the time of the bid submission shall reference the specification or item number and a written explanation for the request for exception. At FSA's discretion, exceptions, deviations, or contingencies to the specifications or Contract Conditions stipulated by the bidder may result in disqualification of a bidder's submission.

Contract Terms and Conditions

Specifications are based on the most current manufacturer literature available. Bidders should immediately notify the FSA of any inaccuracies in the specifications or required submittal documents. All notifications of inaccuracies must be in writing and timely submitted.

Failure of a bidder to comply with these provisions will result in bidders being held responsible for all costs required to bring the vehicle into compliance with the contract specifications.

2.10 EQUIVALENTS

Vendors offering alternate makes and manufacturers of vehicles or equipment that are not specifically identified in the bid, cannot publish or offer the unapproved equivalents. Offerings of this nature will cause the bid to be rejected. If such offerings are identified after the award has been granted, the offerings, specification or entire award can be removed by the FSA.

When selling equivalents, vendors must disclose to the purchaser that an approved equivalent is being offered.

2.11 MANDATORY PRE-BID MEETING

The qualification forms are located on the bid system.

2.13 PRICES QUOTED

Prices submitted as indicated in the sealed bid are final. Bidders acknowledge that prices quoted will be valid for a period of sixty (60) calendar days from the date of bid opening. Each specification, make, and model must be priced and bid separately.

Prices quoted in the bid submission should reflect the final amount the bidder can expect to receive for payment for the specifications bid for the duration of the contract award, unless otherwise addressed by a contract extension or price adjustment as provided in the contract. These prices must be inclusive of all of the components included in the base specification.

Prices bid, including options, must include the administrative fee FSA charges to administer the contract, as outlined in Section 3.28.

Prices must be Free On Board (FOB) destination.

Once awarded, the vendor has the authority to offer discounts for prompt payment. Cash or quantity discounts offered will not be a consideration in determination of award of the bid.

Contract Terms and Conditions

2.14 OPTION PRICING

The bidder shall offer discount below Manufacturer's Standard Retail Pricing (MSRP) or manufacturers published list price for any factory options included in the bid submission and quotes to purchasers, if awarded. FSA requests vendors include most frequently purchased scheduled, factory and aftermarket options in the bid.

Options are intended to add or delete equipment or features from the base specification. Options can provide an upgrade or downgrade to a manufacturer's model, such as a slightly different engine size or horsepower, and should not be made available for purchase separate from the base vehicle or equipment. Bidders shall NOT use options to create a vehicle or equipment that is entirely different than the FSA base specification or are available as another specification bid on this ITB.

Bidder must use proper factory codes for all factory options. Options available through the factory may be bid and supplied to purchaser as "factory" options, unless otherwise requested in writing by the purchaser.

The FSA has the discretion to disqualify bidders if the option pricing is excessive or if options listed are not available for the item bid.

Option pricing will include all costs of labor associated with the option and cost of labor should not be listed separately within the bid. Section 2.15 contains specific instructions and exceptions for emergency lights and sirens.

If a bidder will offer registration and title services as a fee for service, the bidder must include the administrative fee as a separate option (i.e. line item) for each item bid, see Section 3.23 for additional details. Government imposed fees should not be included in this option pricing.

No other additional charges or fees are admissible.

For purposes of this bid, Emergency Lights and Sirens will require a separate pricing sheet upload in the bid system. See Section 2.14 for details on emergency lights and sirens.

If options are not available as a stand alone option, the bidder must indicate in their bid submission any option requiring the purchase of other options, and also indicate options that are a part or dependent of another option. Factory package options are allowable under this contract. Factory package options must be included in the options within the bid document and detailed specifically as to what components the package includes.

When calculating the price for a manufacturer's option requested in this bid that is not listed as an option in the manufacturer's order guide (i.e. model or engine upgrade), the bidder must calculate the option price as the net difference between vendor cost on the representative base vehicle and the total MSRP of the requested option modifying the vehicle. A bidder may bid less than this price, but at no time charge more than the calculation provided here.

The use of options to facilitate the sale of an alternate manufacturer's product which is outside the scope of the written base specification will be determined nonresponsive and the bid will be rejected in whole or part by the FSA.

Cooperative Purchasing Program

Contract Terms and Conditions

Example: Bidder CANNOT include option upgrades that result in the selling of a vehicle or truck on one specification that is offered as a separate specification in the bid solicitation. For example, a Vendor who is awarded the bid for 25,500 lb. GVWR Cab & Chassis cannot upgrade this item through an add option to a 30,000 lb. GVWR Cab & Chassis in order to circumvent the bid award winner for the 30,000 lb. GVWR Cab & Chassis.

Purchasers are encouraged to negotiate option pricing with vendors. Discounts can be provided beyond option prices listed in the contract. The additional discounts for each add option shall be decided by the vendor.

Option Upload

The bid system will accept option information from bidders through a .pdf file upload. The option information required for the bid submission of the options under each bid specification number include:

- Bid Item number (FSA item specification number)
- Order code (Manufacturer order code)
- Description
- Price

The options will correspond to the specification or item number. Multiple options may be listed for each each specification or item number bid. Therefore, bidders that do not indicate the correct item number with the option information bid will not have options displayed for the item bid. If option pricing is not uploaded correctly, FSA may require bidders to correct the formatting of the options, but pricing may not be modified. Failure of the bidder to make corrections may cause the bid to be rejected.

If the bidder wishes to offer credit to the purchaser for an option that is standard on the FSA base specification, the bidder should include the word "Credit" at the beginning of the description, and continue to describe the option being credited. For example, "Credit: one key fob" that corresponds with the price the bidder will credit the purchaser.

2.15 EMERGENCY LIGHTS AND SIRENS

Under Florida Statute 316.003(1), authorized emergency vehicles are defined as:

Bidders that will provide or contract to provide emergency light and siren installation must also submit Emergency Vehicle Technician Certifications for the individuals working for the bidder or the designated third-party supplier who will perform the installation. The price adjustment request may be considered and implemented by FSA on an annual basis during the initial term, or upon the completion of the initial term or a 12-month renewal period. Price adjustments will be implemented upon request from a vendor or in the event that the FSA determines in its sole discretion that such a price adjustment is warranted.

Cooperative Purchasing Program

Contract Terms and Conditions

In cases where manufacturers have significant changes to production and specification design to an awarded item, FSA will consider certified manufacturer price changes and may allow price adjustments to reflect such changes in price from the manufacturer to the awarded vendor.

For any vendor-initiated price adjustment to commence on the first day of the renewed contract term, extension or the end of a 12-month period, the vendor's request or adjustment should be submitted one hundred and twenty (120) calendar days prior to expiration of the then current contract, extension or 12-month period. Receipt of a vehicle or equipment by the vendor is defined as acceptance of the vehicle or equipment from a common carrier at the vendor's place of business or any third party's place of business.

Deliveries of less than 350 miles may be accomplished by driving the vehicle. Any delivery accomplished by driving the vehicle must be supervised and the driver must comply with manufacturer's break-in requirements and all applicable traffic laws. Any delivery accomplished by driving a police rated vehicle must use an "OUT OF SERVICE" cover on light bars.

All deliveries in excess of 350 miles shall be made by transport, or otherwise approved by the purchasing agency. However, this requirement shall not apply to incomplete chassis. The purchaser has the option to reject a vehicle with more than 350 odometer miles, or may deduct \$0.51 cents per mile in excess of 350 miles from the invoice, unless distance above 350 miles was previously approved by the purchaser. This requirement also applies to redelivery of vehicles that were rejected upon initial delivery. Equipment with more than five (5) hours on the hour meter may be rejected by the purchaser or the purchaser may choose to negotiate a lower purchase price when the unit exceeds five hours.

Cooperative Purchasing Program

Contract Terms and Conditions

All warranties shall begin at the time of delivery to the purchaser. The purchaser's warranty should not be active for incomplete vehicles or equipment and vehicles or equipment delivered to a third-party supplier before final delivery.

Vendor shall notify the purchaser no less than twenty four (24) hours prior to delivery of the time and location, which shall reflect the mutually agreed upon delivery details. Transport deliveries must be unloaded and inspected by purchaser. Deliveries not complying with these requirements may be rejected and will have to be redelivered at vendor's expense.

All vehicles or equipment with fuel tanks of thirty-five (35) gallons or less must contain no less than one quarter (1/4) tank of fuel as indicated by the fuel gauge at the time of delivery. For vehicles and equipment that have more than thirty-five (35) gallons, a minimum of one eighth (1/8) of a tank of fuel must be provided.

3.21 INSPECTION AND ACCEPTANCE

It is the responsibility of the purchaser to inspect a vehicle or equipment for any damages.

Each purchaser shall make a good faith effort to inspect the vehicles or equipment before or at the time of delivery for acceptance. One (1) day is the suggested period for inspection. However, if reasonable accommodations for inspection cannot be made upon delivery, the purchaser may have up to three (3) business days to inspect the vehicle or equipment for acceptance.

Inspection and acceptance will be at the purchaser's destination unless otherwise previously agreed upon location was provided in the purchase order.

It is the purchaser's responsibility to thoroughly inspect each vehicle and equipment prior to acceptance. Copies of the bid specifications and purchase order will be delivered with the vehicle. Purchasers are to inspect the vehicle and equipment and compare bid specifications, purchase order and manufacturer's window sticker or manufacturer's invoice to ensure vehicle or equipment meets or exceeds the requirements of the bid specifications and the submitted purchase order. Purchasers should inspect the vehicle and equipment for physical damage.

Delivery of a vehicle or equipment to a purchaser does not constitute acceptance for the purpose of payment. Final acceptance and authorization of payment shall be given only after a thorough inspection indicates that the vehicle and equipment meet contract specifications and the requirements listed below.

Should the delivered vehicle differ in any respect from specifications, payment can be withheld until such time as the vendor completes the necessary corrective action.

Units shall be delivered with each of the following documents completed or included:

- 1. Copy of Customer's Purchase Order
- 2. Copy of the applicable Vehicle or equipment specification
- 3. Copy of Manufacturer's Invoice or Window Sticker for vehicles (prices may be deleted from the manufacturer's invoice); or a Build sheet, or documentation that verifies what components are included on the equipment being delivered, for equipment
- 4. Copy of Pre-Delivery Service Report
- 5. Warranty Certification

Contract Terms and Conditions

- 6. Owner's manual
- 7. If the vendor does not provide the tag and title, then the DHSMV 82040 (*Application for Certificate of Title and/or Vehicle Registration*) which requires a signature of authorized representative.

Deliveries that do not include the above items will be considered incomplete and can be refused.

3.22 REGISTRATION, TAG AND TITLE

Costs of registration, tag and title shall not exceed the statutory rates. FSA administrative fee does not apply to tag and title work.

Title items shall be the responsibility of the vendor. If the purchaser is a government agency, the purchaser has the right to choose to register and title the vehicle or equipment.

Reasonable administrative costs for registration and title services, including obtaining temporary tags, tag transfers, and new tags are permitted. All costs associated with obtaining, filing and shipping of tags shall be listed as an option during the bid submission for each item bid. Administrative costs can include convenience fees, cost reimbursements for filing, obtaining or delivery of tags, or any costs over the original purchase price of the registration and title. Administrative costs for registration and titling can be negotiated between the purchaser and the vendor.

3.23 INVOICING AND PAYMENTS

Invoicing and payments shall be the responsibility of the vendor and purchaser placing orders using this contract. Vendors must invoice each purchaser independently.

A purchaser has three (3) business days to inspect and accept the vehicles or equipment. The vendor shall be paid upon submission of invoices to the Purchaser after satisfactory delivery and acceptance of the vehicles and/or equipment.

The Local Government Prompt Payment Act will apply to ensure timely payment of Vendor invoices. The Local Government Prompt Payment Act is defined in Sections 218.70–218.79 of Florida Statutes.

3.24 WARRANTY REPAIRS AND SERVICE

All warranties shall begin at time of delivery and final acceptance by the purchaser. Failure by any manufacturer's authorized representative to render proper warranty service or adjustments, including providing a copy of the warranty work order to the purchaser, may subject the vendor to suspension from the approved vendor listing until satisfactory evidence of correction is presented to the FSA.

3.25 INADEQUATE SERVICE

When vehicles and equipment require service or adjustments upon delivery, the vendor shall either remedy the defect, or be responsible for reimbursing the manufacturer's local authorized representative or other service provider to remedy the defect. Such service or adjustments shall be initiated by the vendor within 48 hours after notification by a purchaser, not to include weekends and holidays. Delivery will not be considered complete until all services or adjustments are satisfactory and the vehicle or equipment is redelivered.

Contract Terms and Conditions

The provisions of the delivery section shall remain in effect until the redelivery is accomplished. The cost of any transportation required shall be the responsibility of the vendor until the vehicles or equipment are satisfactory and accepted by the purchaser.

3.26 REPORTING: PURCHASE ORDERS & QUARTERLY REPORTS

Purchase orders and accompanying documentation shall include base specification items purchased and all options itemized separately.

3.27 ADMINISTRATIVE FEE

Cooperative Purchasing Program

Contract Terms and Conditions

The FSA charges three quarters of one percent (.0075) to procure, process and administer the Contract.

After receipt of payment from contract purchases, the vendor shall remit all administrative fees to the FSA no later than 15 calendar days after the end of each quarter. All fees payable to the FSA during any given quarter will be accompanied and supported by a Quarterly Report.

Bidders are to include the administrative fee of three quarters of one percent (.0075) in all bid prices. The fee should be incorporated into the price at the time of bid submission. This fee should also be included on all add options. The administrative fee will remain payable to FSA and no relief from payment of the administrative fee, nor any additional charge to recoup the administrative fee, will be permitted if a vendor fails to incorporate the administrative fee in its bid pricing.

The fee should never be listed as a separate line item on any purchase order.

The administrative fee is based on the total purchase order amount of new vehicles or equipment. This fee excludes any value given to purchasers for trade-ins. Trade-ins, extended warranties and other exchanges will not reduce or impact the fee calculation.

The administrative fees are the contractual responsibility of each awarded vendor.

By submission of the quarterly reports and administrative fee, the vendor is certifying the accuracy of the reports and deposits. All reports and fee submissions shall be subject to audit by the FSA or their designee.

All participating vendors will be responsible for making sure that FSA has the contact information, including e-mail address, for the person responsible for quarterly reports. There will be no reminders for the quarterly reports or the administrative fee.

Checks for the administrative fee can be sent to:

Florida Sheriffs Association Cooperative Purchasing Program 2617 Mahan Drive Tallahassee, FL 32308

3.28 LIQUIDATED DAMAGES

The vendor warrants that the product supplied to the FSA or purchaser shall conform in all respects to the standards set forth and the failure to comply with this condition will be considered as a breach of contract. Any liquidated damages levied because of inadequacies or failures to comply with these requirements shall be borne solely by the vendor responsible for same.

Failure to submit the administrative fee with accompanying quarterly reports must be received by FSA within 15 calendar days following the end of each quarter will result in the imposition of liquidated damages. Vendors failing to submit administrative fees and/or quarterly reports will incur liquidated damages in the amount of \$25 for each calendar day that fees and reports are past due, beginning on the 16th day following the end of the quarter.

Contract Terms and Conditions

If a civil action is initiated by the FSA to recover administrative fees or liquidated damages as set forth in this section and Section 3.28, the prevailing party shall be entitled to its reasonable attorneys' fees and costs incurred in the litigation. Venue shall lie in the Circuit Court for the Second Judicial Circuit in and for Leon County, Florida.

When quarterly reports are late, liquidated damages are to be included in vendor's Quarterly Report and administrative fee submission. Liquidated damages that remain unpaid beyond 45 calendar days can result in FSA, at its sole discretion, implementing contract compliance actions, including but not limited to, suspension, limited participation by specifications or zones, disqualification from future solicitations, or termination for cause pursuant to Section 1.45.

Schedule of Liquidated Damages

Accordingly, the above specified schedule of liquidated damages shall apply to this contract.
