**FSA245-TRS27.0: Tires**  
**Requests for Clarification**  
**Bidder Questions & FSA CPP Responses**

1. When submitting pricing for related tire options such as tire disposal, tire valve, TPMS, tire balance, and alignment, is it acceptable to use 'Local Price' given that it varies by segment and size?
    - A. Base tire pricing for Specification Groups 1-5 and Specification Group 7 must include tire disposal, TPMS, tire valve and installation, tire mount, and tire balance. Tire pricing for Specification Group 6 must include tire disposal, tire valve and installation and tire mount. Option pricing for tire valve, TPMS, tire balance, and tire alignment may be bid as "Local Price".
  
  2. May a dealer channel submit the bid for the manufacturer?
    - A. This Invitation to Bid is intended for tire manufacturers. The bidding manufacturer is required to provide a listing of Manufacturer Authorized Service Centers who will provide sales and service under the awarded manufacturer.
