### Standard Build Specifications

Each vehicle build includes the following standard items, technical features, and service deliverables to ensure optimal performance, department-specific configuration, and long-term serviceability:

<b>Installation Standards</b>	<p>Siren Controller Programming: Professionally configured to meet operational requirements.</p> <p>Weather-Pack Connectors: Installed at all removable panels for enhanced weather resistance and service access.</p> <p>GXL Wiring: All wiring is automotive-grade GXL, with labeled circuits where applicable to support diagnostics and future maintenance.</p> <p>High-Temperature Connectors &amp; Soldered Joints: All connections are reinforced using high-temp connectors and soldered joints for long-term reliability.</p> <p>Abrasion-Resistant Loom: Deployed in all applicable areas to protect wiring from wear due to vibration or contact.</p>
<b>Customer Consultation</b>	<p>Up to 4 Hours of Consultation: Included with each build is up to four (4) hours of dedicated time with a department liaison. This time is used to finalize functional requirements, emergency lighting placement, color specifications, and available options.</p> <p>Additional Consultation or Change Orders: Any requested changes following the ordering of equipment or exceeding the allotted consultation time will incur additional charges, as per prevailing labor and material rates.</p>
<b>Documentation &amp; Deliverables</b>	<p>Each completed build will include the following documentation for reference and departmental records:</p> <p>Vehicle Lighting Wiring Diagram</p> <p>Controller Pinout Report</p> <p>Controller Function Report</p> <p>Light Placement Diagram</p> <p>These documents are intended to support future diagnostics, troubleshooting, and in-house service training.</p>
<b>Warranty &amp; Quality Assurance</b>	<p>Warranty Coverage: All labor and materials are covered under the original vehicle or equipment manufacturer's warranty—whichever provides the longer term.</p> <p>Certified Oversight: Every installation is performed under the direct supervision and final quality check of an EVT-certified installer, ensuring compliance with all applicable codes and public safety standards.</p>
<b>OEM Equipment Handling</b>	<p>Customer Ownership of Removed OEM Equipment: All original equipment removed during the upfit process will remain the property of the customer. Items will either:</p> <p>Be secured inside the completed vehicle upon delivery, or Be made available for pick-up by the customer's department at a pre-arranged time prior to vehicle delivery.</p>
